

# Peer Evaluation

Name: \_\_\_\_\_ Team Name: \_\_\_\_\_

## **Part 1:**

- Using this sheet, rate each team member, excluding yourself, with values that range from **1.0 (low score) to 5.0 (high score)**; you may use decimals if you wish, but only with the .5 values (e.g. 1.5, 4.5, etc.)
- Be sure to distinguish amongst your team members so that not everyone receives the **same total score (e.g. not all your team members can receive a 25 total score.)**
- **Turn this sheet and your comments in to me only at the beginning of next class period → your teammates do not receive a copy.**
- **Failure to follow these directions will cause you to lose points on this assignment.**

## **Part II: Supportive Feedback**

*Using a separate sheet of paper for each team member*, provide 1 to 3 paragraphs (typed and double-spaced) to support each individual's rating. Be specific and supportive in your comments, and be sure that they relate to work done both in and outside of the classroom. Teams will decide if they want to keep the evaluations anonymous. **Please use a first person perspective and do not include any score in your write-up.**
